We are finally online!

As a way to connect with you better, we have launched our website and Facebook pages. It will be a great way to stay updated with the latest news and information on Homotoxicology: The Modern Homeopathy from -Heel, Germany. We will also be featuring our very own doctors who will be discussing medical cases and other health issues. This is another way to communicate with us and start a dialogue with anyone in the community. We are always happy to hear from you!

## New Beginnings

We would like to extend our sincere thank you to all doctors, medical staff, partners and our dear patients for being with us for the past 20 years. It has been a long and fulfilling ride. The past year, most especially, has been a nostalgic one as we ended the year with the closing of our very first clinic, Biological Health Centre in Malate, Manila.

However, with every ending comes new and better beginnings. We are welcoming the new year with open arms as we look forward to more holistic and natural healing with the opening of our new clinic\* in Pasay. On top of that is the launch of our digital efforts as well as this newsletter. This is just the start of the year and we still have so many things in store for you so please stay up to date with us and subscribe to **BIOLIFE**: our monthly newsletter.

This monthly newsletter will be available in print in all our clinics and office. You may also find it online at [www.bhmc.ph](http://www.bhmc.ph) and [www.ibarrabiomed.com](http://www.ibarrabiomed.com) and have it sent straight to your email!

## Start the Year Off Right

Every new year gives everyone an opportunity to start with a clean slate. We always find ourselves reflecting and looking for ways to improve some, if not all, aspects of our lives. Often times, a main priority would be to extinguish old habits especially when it comes to our health.

A good way to begin is through the Detox Kit by -Heel. It is a complete therapy for basic detoxification and drainage, essentially cleansing the body. It is an ideal and basic treatment for mild and moderate toxicity to supplement a total lifestyle change. It is ideal for anyone experiencing some stress in life as as those with recurring symptoms or warning signals. e.g. Skin conditions, fatigue, acne, irritable bowel syndrome, headaches and memory loss.

It targets the treatment of key organ systems with only one Kit. The package is for easy handling and with the type of medicine, it forces patients to consume enough water throughout the day facilitating the Detoxification and Drainage effect.
